Welcome to WAHAHA!

Thank you for dining with us.

WAHAHA is committed to serve amazing food for you and your family. The concept of family style sharing is embraced here at WAHAHA. WAHAHA is the brainchild of Pak Hendra - a Balinese whose love for food and the island inspired him to start the WAHAHA journey. Pak Hendra started the restaurant back in 2009 as a food lover, but also a home cook with a passion for BBQ and all things pork. In fact, WAHAHA embraces the nose-to-tail eating concept where nothing is wasted and every part of the pig is celebrated. Eschewing the use of MSG, WAHAHA relies on quality produce to create a tasty selection of dishes. WAHAHA's recipes are created to enhance the natural flavors of the quality produce used. We have also recently begun using herbs grown in our very own farm with the vision of fully sustaining their spices from our own gardens.

We love pork and we celebrate every part of it – be it in the form of fragrant Lemongrass Pork Chop or a crackling deep-fried WAHAHA Pork Knuckle. We also recommend WAHAHA Pork Ribs that comes glazed in a full or half rack of BBQ sauce. An all-time favourite, the ribs are fork-tender and finger licking good. Save some room for the savoury Pork Rice with the fatty belly cut as well as succulent bites of the Crispy Ribs.

We hope that you're going to be licking your fingers, smacking your lips and rolling home after a night at WAHAHA.

Come Hungry, Leave Happy. Let's WAHAHA!

Now catering exclusive events, WAHAHA will bring our famous ribs to you! WAHAHA offers a full BBQ station at your chosen venue, or you can opt for a private garden party at our location. We also provide lunch box services for weddings, birthday parties, engagements and parties at your chosen venue.
